To whom it may concern...

I am writing this letter to tell about the great service we received from Misti @ Darrin Mish. I had been battling the IRS for almost 15 years, had gone through 3 attorneys and spent thousands of dollars. In fact, my last "Tax Professional" had been working on this for 5 years, they took my case when my tax liability was \$217, 000, and after playing cat and mouse with IRS, the last conversation with them was "we have "reduced" your liability to \$277,000, and this is as far as we can go...

I had gotten a postcard from Darren Mish years before and always kept it...now so glad I did; we met with Misti, gave her my transcripts (which we had sent to us by previous attorney). She spent about 15 minutes looking them over and said "your stature of limitations runs out the end of this year (2011). This was around Feb. of 2011. She said she knew of things to ask for that would take time but not toll the statutes. We had our wages garnished in April, but it was nothing so severe that we could not continue our lives. Misti advised not to do anything; just to let the garnishment ride until Dec. 31,2011, at which time she notified the IRS that the time was up, the garnishing was released, & my transcripts show "0" liability, and we are back in good standing. The amount of garnishment was only a fraction of what these people were trying to take from us. Misti was most definitely a comfort the whole time; her knowledge and understanding of IRS procedures kept us both at peace.

She was most professional at all times, as was everyone in this office. If you are reading this, please know you could not be in more capable hands. I will highly recommend this office to everyone I come across that needs help dealing with IRS.

Best wishes,
